4
```

Task list is updated in file and in display

The screenshot shows a macOS application window titled "Eat The Frog!". The window has a menu bar with "Preview" (highlighted), "File", "Edit", "View", "Go", "Tools", "Window", and "Help". The main content area has a teal header with labels "Task:", "Description:", and "Priority:". To the right of these labels are input fields: a text box for "Task:", a text box for "Description:", and a dropdown menu for "Priority:" showing "1 (Highest)". Below the header, the task list is displayed in bold black text: "Study CSCI E-10b Final", "Pitch Deck Edit Slides with new data", and "Meal Prep Chicken and green beans". At the bottom of the window is a teal bar with four buttons: "Add", "Edit", "Delete", and a checkbox labeled "Completed".
